# MAY 2024

Another disrupted month with the weather wreaking havoc by shutting the course down for 19 days. The initial forecast for June may see further closures with more rainfall predicted early in the month, however, hopefully relatively normal operations can resume.

Provided the weather *cooperates*, June should be a busy month on the course. The *Bob Murphy Cup* returns for another edition with the 2BBB Championship title on the line followed by the *PGA Scramble* scheduled for June 30th which should draw a good field from within the club & the local region.

Thanks again to members & guests for their understanding throughout our closures.

### Upgraded Course Hardware

We have recently upgraded a number of items across the facility, including new flag poles, sand buckets, tee makers & cart signage which has refreshed the existing hardware. With our sand buckets stock depleted, we now have ample buckets available for usage near the first tee, please ensure you carry a sand bucket during play to fill in divots. Filling divots with sand assists the course to repair quickly.

We have also rolled out a number of new devices in an attempt to try & deter the ducks from enjoying the bent grass on our putting greens. So far the device, which makes a sonic noise when motion is detected, has been successful on the 9th green with further devices placed on other greens which the ducks target.

## SATURDAY MEMBERS DRAW

Our Saturday Members Draw prize pool has increased marginally after only 1 round of play during May. With no winner being drawn the current jackpot now sits at a whopping \$638.00 heading into June!

Discussions were raised during the May Monthly Meeting & the committee are considering options to potentially revamp the Members Draw. The discussion centred around the draw being won on a more regularly basis & methods to allow for this happen.

The draw will continue via the current format for the immediate future, however, the committee are looking at introducing a potential ceiling for the jackpot where once the amount is reached, balls will be drawn until a winner is found. Rules may continue to apply with the winning player's position in the competition field for the day determining whether they receive the full or half value.

Whilst no concrete plans are in place for change, feedback from Members is welcomed via any of our [Committee Members](#).

## CLUBHOUSE REPORT

with Paterson GC Committee

### Course Update

Another wet month has made it difficult to operate machinery on the course. Fortunately, with the cooler weather the grass is not growing quickly. The greens mower has been lowered down to cut at 3mm which should allow the greens to roll at nice sharp pace throughout winter.

### Membership

Our new membership cycle has come into effect; further details on [page 5](#). Throughout June Members will be issued with renewal paperwork. Payments can be completed on Saturdays whilst the clubhouse is in operation or via direct deposit; please ensure you include your name & member number as the reference.

### Cart Path Update

Works have halted for the time being due to the current condition of the course to minimise any damage due to the wet conditions. With the cooler months now upon us it's likely works will be delayed until further notice.

## JUNE WEATHER FORECAST

A wet start to the month with significant rainfall forecast to welcome in Winter. Whilst the last week of May assisted in drying out the course, further heavy rain will likely result in course closures & cart restrictions. Similar to the initial forecast for May, large sections of June appear to be positive with cooler temperatures starting to feature strongly.
