Dear <<First Name>>, here's all the information ahead of the 2024 Paterson Open!

The **2024 Paterson Open**, presented by **Paterson Golf Club** is almost upon us & the event is officially a sell out for a second consecutive year. Thanks in advance for your support of event!

The 2024 event is an **8am Shotgun Start**; please arrive a minimum of 20 minutes prior to complete your registration & move to your starting tee.

If you are no longer able to attend, please advise us via [email](#) to allow for players on the waitlist to be moved into the field.

Starting tee positions will be available at registration on the day. All tees will be in use with each group allocated either starting as A or B (i.e. first or second). Given the size of the field & the nature of the course, players are encouraged to adopt *ready play golf* where possible to ensure play is completed as timely as possible.

Scorecards will be available at the clubhouse following registration & payment (**\$30pp**); **EFTPOS** facilities are available for your convenience.

Applicable **Local Rules & Playing Conditions** will be available onsite with handouts provided at registration. Local Rules are also included on the rear of the scorecard as well as via our [website](#).

Motorised Carts are permitted on the course currently (no carts are available for hire); please follow all directional signage.

Lunch is included as part of your entry fee & will be available following play at the clubhouse. The **Presentation Ceremony** will follow lunch once all scorecards have been entered & any Play-Offs are completed. All players are encouraged to stay if possible.
